NUMBER 237.

MINERS REMAIN QUIET

Preparations Made For an Active Week's Work.

MARCHING MAY BE RESUMED.

Striking Miners Preparing to Resist Eviction Claiming That the Company Owes Them Back Pay—Miners in the Beaver Valley District May Strike—Great Disturbance at the Dillonvale District.

PITTSBURG, Aug. 30.—Incidents around the camps at the Dearnit mines were not exciting yesterday. The strikers entertained the usual number of Sunday visitors, attended church and quietly made preparation for the week's work, which is expected to be full of active operations. Captain Bellingham, with 25 men, will go to the Peterson mine, where the men at work, the strikers say, are filling New York and Cleveland Gas Coal company contracts. The other members of the camp will make the usual morning demonstrations against the Plum Creek miners if they can evade the deputies.

It has been decided to start a campaign among the miners of the Wheeling division of the Baltimore and Ohio railroad. The miners formerly employed in the Anderson, Hackett, Germania, Nottingham, Snowden, Gastonville and first pool mines will hold a mass meeting at Finleyville Wednesday morning. It will be addressed by M. P. Garrick, Cameron Miller and others. The Gastonville miners who were served by an official of the Pittsburgh and Chicago Gas Coal company with notices to vacate their houses will resist the eviction. Nearly all of them forfeited wages aggregating \$9,000 when they went on a strike under conditions imposed upon them by the ironclad contracts they had signed. They claim the money is due them and they intend to remain in the houses until the accounts are squared.

Spreading the Strike.

BEAVER FALLS, Pa., Aug. 30.—A representative from the Plum Creek coal mining district has been here since Saturday morning, interviewing the miners of the Beaver Valley district, and trying to induce them to join the strike. The miners here are very reticent concerning their movements, but it is believed that the agitation started by the Plum Creek representative will end by a general going out of the miners in this district and it may be brought about this week.

One Hundred Families Destitute.

STUBENVILLE, O., Aug. 30.—Great destitution is reported among the miners at Dillonvale, and fully 100 families are on the verge of starvation. Farmers fear depredations from the hungry men. A committee is here soliciting for them.

General Shutdown Feared.

HAZELTON, Pa., Aug. 30.—The strike situation here is more unsettled than it has been for some days and rumors of a general shutdown are current.

STARTLING CONFESSION.

Prominent Citizens Said to Have Taken Part in Dynamiting a Saloon.

MARION, Ind., Aug. 30.—A confession made by Walter Rush, and just made public, implicates 30 of the most prominent citizens of Fairmount in a dynamiting and White Capping that occurred in May, 1893. Fairmount is a Friends town, and its citizens fought to the last the effort to establish a saloon there.

Luther Morris braved the popular warning, and early one morning his saloon went skyward impelled by a charge of dynamite that shook the town. He resumed and the mob came and smashed his bottles and gave him an hour to leave town.

Rush in his confession says he was the man who lighted the fuse that exploded the dynamite. He tells of the meeting at which the arrangements were made, and gives the names of preachers, doctors, merchants and bankers who were present at the meeting.

Rush recently experienced religion at a Quaker revival and his confession is the result of a burdened conscience. Morris, whose place was blown up, says that if his losses, amounting to about \$8,000, are not made good he will prosecute.

PIPE WORKS BURNED.

One of the Largest Foundries in the World Partly Destroyed.

ANNISTON, Ala., Aug. 30.—The big main building of the Anniston Pipe Foundry company was destroyed by fire at about 6 o'clock yesterday morning and six, huge pits and cranes, two cupolas, core-ovens and other costly apparatus and machinery contained therein were totally ruined. It was with the utmost difficulty that the engine house, pattern shop, machine shop, small foundry and other buildings were saved.

The fire is believed to have originated in one of the core ovens. The damage done is hard to estimate, but is partly covered by insurance, about \$60,000 is said to have been carried on that department. The building was of brick, 80 by 500 feet, and was one of the largest pipe foundries in the world. Six hundred men were on the pay rolls. Nearly all of the officers and stockholders are out of the city and it can not be learned whether the company will rebuild.

A big stock of iron is on hand and the company has orders for several months ahead.

FACTORY BUILDING BURNED.

New York Firemen Had a Stubborn Fight on Their Hands.

NEW YORK, Aug. 30.—Twenty steamers—one-third of the number belonging to the fire department of this city—were kept busy for over two hours yesterday afternoon, pumping water into the 6-story factory building at 478 and 480 Pearl street, which had taken fire from some unknown cause and was threatening to ignite the Five-points Mission home on Park street. After a stubborn fight the flames were confined to the building in which they originated. The structure was gutted, however, and the roof fell in. The total loss is estimated at \$75,000, of which sum \$25,000 is on the building owned by Thomas M. Jackson.

The burned premises were occupied by the Phoenix Gas Fixture company, Arnoux & Hochhaus, electric motors; Zahn & Bowly, mirrors; Crescent Steel company, William Snyder & Company, engravers' supplies; and F. Cox.

A short time before the fire was discovered there were about 300 children in the Mission Sunday school back of the Pearl street factory. They had gone home, however, before the alarm was given.

Fire Chief Swente of Chicago, who is visiting friends in this city was an interested observer of the fire and the New York department's method of fighting it.

THAT SHOOTING AT SOLDIERS.

A. H. Gould Still Locked Up in the Toledo Jail.

COLUMBUS, O., Aug. 30.—A. H. Gould, the member of the Toledo battalion of naval reserves, who is under arrest at Toledo for shooting at the United States troops at Mingo Junction, says the cartridges he fired were loaded with No. 8 shot. The Panhandle car which was hit shows 26 shot holes, and, in addition, another mark which was made by a small bullet.

Where did the larger leaden pellet come from?

Lieutenant Ovenshine, one of the regulars, says that on last Tuesday, while a dress parade was in progress, two rowdies began making remarks.

One said: "See that dude? He's from West Point."

"Yes," said the other, "them army officers ain't got any feeling for a man."

This talk became offensive, and the men were ordered to move on.

They did not, but later released. There may be some connection between this incident and the bullet mark in the Panhandle car, and possibly the two men may have been discharged soldiers or deserters. At any rate, Private Putnam of the Seventeenth U. S. A. reported to Colonel Poland that he saw a shot fired from a box car.

ANTI-SCALPERS LAW.

Its Constitutionality Will Be Tested by the Ticket Brokers.

ALBANY, Aug. 30.—Active preparations are being made to fight the operation of the so-called anti-scalpers bill, which takes effect on Wednesday, Sept. 1. The new law will make it a penal offense to issue or sell any passage ticket, or a berth or stateroom, in any vessel unless he is an authorized agent of the owners or consignees of such vessel, or of the company running such train.

The railroad company must redeem tickets presented for redemption promptly and within not to exceed 30 days from the date of presentation at the general office. A wholly unused ticket shall be redeemed at a price paid for the whole ticket and the cost of a ticket of the same class being the point for which said ticket was actually used.

A ticket broker in this city, who was one of the committee of the brokers to oppose the bill's passage, said that the brokers had secured counsel and would test the constitutionality of the law.

The Commercial Travelers' National League which holds its first annual convention in Rochester Sept. 13 and 14, has decided to make a decided demonstration at the convention against the bill, on the ground that it interferes with their constitutional rights.

PRISONERS ESCAPE.

The Jailor Locked Up in a Cell and the Keys Thrown Away.

LEADVILLE, Colo., Aug. 30.—A daring jail break from the county jail occurred at 9 o'clock last night. Five prisoners made their escape and the night jailer is still locked up in the jail, while the prisoners who escaped made away with the keys to both the outer and inner doors.

The prisoners who escaped are the two Bohannon brothers, charged with murder of Deputy Sheriff Fahey; J. D. Spann, charged with rape; James Bristol, charged with forgery; and Jim Dawson charged with assault with intent to kill.

When the night jailer, Martin, entered the corridor to make his rounds last night, Spann, who was walking in the corridor, jumped upon him and clapped his hands back of him. He was at once joined by the two Bohannon brothers who dragged the jailer to the rear of the cells, where they bound him. A big posse started in pursuit.

COLUMBUS, O., Aug. 30.—Umpire Mannassau was mobbed by the crowd at the close of the game yesterday, but escaped with a slight cut on the head. Six policemen escorted him from the grounds.

Vessel Rates Increased.

SAN FRANCISCO, Aug. 30.—Ship charges are still on the increase, and 27¢ 6d from this port to Europe has been reached. Three vessels have been en-

IN FROM KLONDIKE

The Steamer Portland at Last Reaches Seattle.

HAS ONLY \$850,000 ON BOARD.

A Million She Expected to Bring Was Delayed—The Fields Worth \$30,000,000—One Man Made \$30,000 Out of a Claim That Cost \$125—Storm Delayed the Boat at St. Michael's.

SEATTLE, Wash., Aug. 30.—The steamer Portland, from Alaskan ports, has at last arrived. Captain William Kidston, in command of the steamer, reported a pleasant voyage, and explained the delay of three days in reaching this port by stating that a very serious storm in St. Michael's delayed the discharge of his cargo. He laughed when told of the reports that the Portland was carrying over \$2,000,000 gold. As a matter of fact, he said, there was only about \$850,000 in gold dust and nuggets on board of his vessel. Up to the time he left St. Michael's he had heard of no newly discovered gold fields.

From a member of the Portland's crew it was learned that Captain Kidston had expected the Weare, one of the company's boats, to come down the Yukon with about \$1,000,000 worth of nuggets and gold dust, but as she did not arrive in time he decided to bring down the treasure on the next trip.

The United States cutter Bear, it is said, will guard the Portland on her next trip from St. Michael's to Seattle. As most of the miners will make their "clean-up" by that time it is expected that the Portland's cargo will be a very valuable one.

The returning miners say that the remarkably rich claims on Eldorado Creek will number 140.

Mr. Gullivie, Dominion surveyor, estimates that the rate these 140 claims are now producing, and considering ground yet to be worked in the next three years, will aggregate about \$61,000,000. To this must be added the favorable possibilities of new gulches and the development of claims already found, but not opened so as to permit of greatest production.

Among the Portland's passengers from St. Michael's is Thomas Bell, who has with him \$50,000 in gold, which he dug from a claim that cost \$125.

There have been other rich strikes on Stuart river. Hunker, Henderson and Indian creeks, but none of these is as rich as claims on Eldorado and Bonanza creeks. Until the wonderful discoveries of Klondike were made, ground worth 10 cents to pan, with two or three feet of pay dirt, was considered very good for the Yukon, and miners made fair money with rockers and sluices.

This year miners are passing entirely over the ground of this richness in their search for sand and gravel that will pay like that of the Klondike discoveries. Up to date none of the claims show any signs of exhaustion, and scarcely a dozen are more than well opened. Every one has large areas of ground to be worked. It is impossible to make anything like an accurate estimate of the probable yield of the mines. The ground is not at all even in richness and the width of pay streaks varies greatly.

The most important news from St. Michael's is that the Yukon river steamers left there two weeks ago for their last trip up the Yukon. It was not certain they would reach Dawson this fall, in which event passengers who left the sound on the steamer Portland as early as July 25 would only reach Circle City before navigation closes. This makes it certain that hundreds of miners who have left the sound and California since Aug. 1 for St. Michael's will have to winter there. At least they can scarcely get started up the Yukon before the river freezes over solid.

All vessels touching at St. Michael's this summer have had great difficulty keeping their crews, who have caught the gold fever very soon after arriving. One schooner from Victoria was entirely deserted, and her crew, from captain to cook, started up the river for Klondike. The crew of the schooner J. M. Coleman endeavored to desert also, but the attempt was discovered in time, and by the display of firearms the men were compelled to remain on duty.

The mates of the schooners Jewett and Coleman and a carpenter of the Sanders were piped off at St. Michael's and departed at once for Dawson. Every vessel from St. Michael's has come away short-handed. The Portland lost several of her crew, but was able to obtain new men by paying higher wages.

Two marines, Butler and a boatswain of the revenue cutter Perry, deserted that vessel at Unalakleet, stole a small boat, a compass, sextant, and an equipment of grub, and sailed for the Yukon in July. Neither have been heard from since, and it is supposed they were lost.

The common report among the returning miners is that there is nothing in the country now worth having that has not been staked off and that the owners will refuse fabulous prices for their claims.

It has been stated that the North American Trading and Transportation company brought \$750,000 from their various stores and trading posts along the Yukon, but this can not be verified.

FAMINE ON THE KLONDIKE RIVER

Impossible to Land Sufficient Food to Feed Those Already There.

SAN FRANCISCO, Aug. 30.—W. A. Ryan, one of the special correspondents of The Associated Press, en route to Yukon gold fields, writes from St. Michael's under date Aug. 15, to the effect that there is great danger of a famine

on the Klondike this winter. According to all reports received, from the upper country it will be impossible to land food at Dawson City to support the population already dependent upon that base of supplies.

R. T. Lyng, local agent of the Alaska Commercial company at St. Michael's, declares that there are already over 2,000 idle men in Dawson and new parties arriving every day via Chilkoot pass, while the total amount of freight landed there this year will not exceed 4,000 tons, of which not more than three-fourths is provisions. Miners returning from Klondike, who left there in July, report that the food was running very low then, and it was disposed of as fast as discharged from the steamers. Old timers realize the situation and predict distress and death as a result of the Klondike craze.

ONYX FIELDS IN KENTUCKY.

Preparations Going on to Work Them in Earliest.

HODGENSVILLE, Ky., Aug. 30.—The people of this section of the state are becoming thoroughly interested in the onyx fields which lie 15 miles south and west of this place, in Hart and Green counties, and in the immediate vicinities of the onyx fields the excitement is at a high pitch. Quarries will be opened in a short while, and the work of getting out the onyx will be begun in earnest.

Since the report of Professor S. Gorby, former state geologist of Indiana, the people of this section have been prospecting considerably, and it is believed that the fields will extend over a greater territory than that given by Professor Gorby. In the Knoblick community, where two of the most extensive outcrops are found, preparations are being made to quarry the onyx, and it is said that in this section alone several thousand dollars' worth of the stone can be got out.

On the Robinson tract, near Little Barren river, preliminary work has begun, and the onyx bed is found to extend over considerable territory. Preliminary work has also begun on all the fields, and it is safe to say that within the next few weeks quarrying will have been begun and the work pushed. Besides furnishing employment for several hundred men, these fields will make millions of the owners.

STRANGE ABORIGINAL RELIC.

A Curious Polished Carved Stone Found in an Artificial Cave.

CHILLICOTHE, O., Aug. 30.—A. B. Coover and L. M. Bean of Roxabel, opened a new cave, and at a slight depth a stone arch was found, formed of small creek boulders, covering a space 15 by 30 inches. The stones were nicely placed, and lay the long way, due north and south. Inside was a solid bed of ashes, in which was found buried a polished and carved stone, 5 inches long 3 1/2 inches wide and 1 1/2 inches thick at the center.

At one end, on the top, is carved a human eye, beneath which is the outline of a turtle. On the left, near the bottom, are four wedge-shaped marks, with a dot above and below each wedge. At the extreme right is the head of a wolf, and under the whole ran a few lines in imitation of a stream. The stone is highly polished and had been subjected to intense heat. A large number of other relics were also found.

BURNED THEIR VICTIM.

Christopher Slack Tells How He and Others Slew a Peddler Two Years Ago.

CHARLESTON, W. Va., Aug. 30.—Christopher Slack, now serving a term in the penitentiary for burglary, confessed that about two years ago he and about a half dozen others met a peddler, John Wiseman, on the road, and killed him for his money, getting \$5 in cash and other valuables. They burned the flesh off the bones and then buried them.

Slack made the confession under the impression that the murder was about to get out, and he would be hung. He turned state's evidence to save his neck. Officers have gone up the river to arrest the persons named by Slack as accomplices.

WHIRLED TO DEATH.

A Dough Mixer Crushes the Life Out of an Unfortunate Workman.

NEW YORK, Aug. 30.—Peter Doggett, 30 years old, a workman in the cracker factory of J. Larrabee, at 427 West Fifteenth street, was crushed to death in the dough mixer, an iron vat which holds three barrels of flour. This quantity is put into the vat and mixed with water to make cracker dough. Taking up nearly the whole bottom of the vat is a large wheel with flanges for mixing the dough. This whirled around by the aid of machinery at a high rate of speed. Doggett fell into the vat and was whirled around at a frightful rate of speed. His body was frightfully lacerated.

Midnight Special Wrecked.

ALTON, Ill., Aug. 30.—The midnight special on the Chicago and Alton was wrecked in the outskirts of this city Sunday morning by the spreading of a rail. Fireman C. A. Johnson of Bloomington had an arm broken and received serious injuries. Engineer Rafferty, also of Bloomington, was injured internally. No passengers were hurt. Damage, \$10,000.

Miners' Wages Reduced in New Mexico. RATON, N. M., Aug. 30.—Notice has been posted at the Blossburg coal mines operated by the Raton Coal and Coke company, of a reduction of 10 per cent in wages to take effect Sept. 1. The price now paid for mining is 65 cents per ton, but as the men are employed only part of the time they claim they can not live at the reduced rate.

AN EXPEDITION SAILS

Seventy-Five Cubans Depart From Cleveland, Florida.

THEIR DESTINATION UNKNOWN.

The Tug Bearing Them Away Carried the Spanish Flag, but It Was No Doubt Done For a Blind Havana Dispatches General Weyler Postpones Action in the Evangelina Cisneros Case.

TAMPA, Fla., Aug. 30.—An expedition left here Saturday night over the Punta Gorda division of the Plant system. The train arrived at Cleveland at 11:45 p. m. and 75 Cubans landed with their baggage. Each had a valise and many had bundles from two to three feet long covered with white canvas. They bore no arms. They at once embarked on a tug and sailed away. The tugboat carried the Spanish flag.

The Cubans are very much elated, but many of them are fearful of the result of an expedition that started under Spanish colors. They gravely shake their heads and say that no good can come of it. The Spaniards are pleased, for they predict that an expedition starting under the Spanish colors is likely to end under them.

Telegrams received here from the deputy collector at Punta Gorda denied that any expedition had sailed from that place. His official attention was immediately called to Cleveland, in his district, which place he overlooked.

The revenue cutter Forward arrived at Port Tampa yesterday and signalled at once, calling Captain Rogers ashore, whereupon consultations were held with the treasury officials.

WEYLER'S SLIM EXCUSE.

The Case of Evangelina Cisneros Will Be Delayed.

HAVANA, Aug. 30.—It is asserted here that it was the intention of Captain General Weyler, as the result of quiet and friendly influence on the part of Consul General Lee, to issue an order dismissing the case of Evangelina Cisneros in a short time but in view of the publicity given to the case and the many contradictory assertions made in regard to it, the captain general has decided to postpone action for the present.

The military commander of the Isle of Pines recently stated that many of the statements made with reference to Senorita Cisneros were without foundation, and that, so far as he could judge, no extreme sentence would be imposed upon her. She is confined in the Casa Recodidas, occupying a well ventilated apartment, in the company of other ladies. It is denied that Senorita Cisneros is ill. She is allowed to receive visitors on three days of the week.

Captain General Weyler left Havana yesterday morning with a small force for the purpose of carrying on military operations in the province of Havana.

Some Hope For Evangelina Cisneros.

LONDON, Aug. 30.—The Daily Chronicle says that as a result of representations made by Hannis Taylor, United States minister to Spain, the Spanish government has sent instructions to Havana that Evangelina Cisneros be transferred to the convent of Tetuan. It is stated that Senorita Cisneros may be discharged before she has been finally sentenced, and that in any case the queen regent will consider the matter before the sentence imposed is carried out.

STARTED A FIRE WITH KEROSENE

A Fourteen-Year-Old Girl, Her Mother and a Small Boy Burned to Death.

TAMPA, Fla., Aug. 30.—Marie, the 14-year-old daughter of Mrs. Frances Valdez of Port Tampa City, went to the kitchen to start a fire yesterday afternoon. She poured on kerosene and instantly there was a deafening explosion, followed by the girl's agonizing cries as she ran from the room on fire.

Mrs. Valdez at once went to her daughter's assistance. While she was attempting to extinguish the flames her own clothes caught fire and the two ran screaming from the house. Both were burned to a crisp.

The house caught from the flames and was destroyed. A small boy was burned in the house.

The fire spread rapidly and five houses owned by the Plant Investment company were burned, there being no fire protection. The department from Port Tampa turned out but could do no good, there being no water on hand. Loss about \$2,000.

The Valdezes were Cubans employed in a cigar factory near where the fire occurred.

The fire was witnessed by several thousand pleasure seekers at Picnic island and the Inn.

Japan Buying Our Canned Beef.

KANSAS CITY, Aug. 30.—A million and a half pounds of mess beef for use by the Japanese army and navy is being prepared in this city by the Armour Packing company. The shipment is the largest single beef order ever filled by a Kansas City house. The first shipment has been made in a special train of 20 cars over the Chicago Great Western railroad. At St. Paul the cargo will be transferred to the Canadian Pacific railroad for Vancouver, whence it will go by steamer to Nagasaki.

August Mayer Dead.

NEW YORK, Aug. 30.—August Mayer, formerly sheriff of Milwaukee, and for many years a lawyer of this city, is dead at his home here, aged 68.

INDICATIONS.—Showers; cooler weather; fresh, variable winds, becoming northwesterly and diminishing.

TOBACCO GOING UP.

Thirty Dollars a Hundred Obtained For a Hoghead at Cincinnati Friday.

[Cincinnati Post, August 27th.]

Bullishness has again made its appearance in local tobacco circles and holders of "white burley" are housing their tobacco, while speculators and manufacturers' agents struggle for the offerings on the local breaks. The market Thursday showed that shippers were still rather high-minded regarding prices, and they offered their tobaccos for sale sparingly preferring to wait for a better market. Manufacturers, however, needed the tobacco, and in the competitive bidding that followed against the speculative element some extremely high prices were recorded. It was thought that when the Louisville market touched \$20 per 100 lbs, the highest price of the season was reached, but the heated speculation pitted against the legitimate demand drove the local price up to \$20 per 100 lbs. It was an excellent hoghead of tobacco and the price recorded was the highest since 1832. Average tobaccos sold higher than for two years past, while the common and low grades displayed quite a firmness. A close observer of the situation said Friday: "Manufacturers are paying for their experience. In depressed times, with thousands of dollars lying idle, they bought tobacco in a hand-to-mouth manner at demoralizing prices. Farmers actually lost money in cultivating tobacco. They, too, have learned a lesson, and as a consequence curtailed their crops. Bugs, worms and unfavorable weather made great inroads on the acreage, and now there is not enough tobacco to fill the present demand. What the future holds it is hard to hazard, but it is certain that with other businesses improving the advance in tobacco will be maintained."

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations." Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

The child left in the care of the negro woman in Grave alley, mentioned Saturday, is now with its mother. She is Mrs. Ella Jenkins and says her home is in St. Louis. She says her husband is sick in a hospital at that place and that she had come on to Washington, this county, to visit her sister, Mrs. John Dean. She came to this city a week ago to-day, and had been with an acquaintance on East Fourth street. Her brother-in-law took her and the child back to Washington Saturday evening.

THE C. AND O.'S ANNUAL.

Excellent Showing For the Road For the Year Ending June 30th Last.

The annual report of the Chesapeake and Ohio Railway for the company's fiscal year ending June 30th last has just been issued by President Ingalls.

The showing made by the road is a remarkable one, particularly when the general business depression that has existed is considered.

Eight years ago the first of last January the company was reorganized. Previous to the reorganization the road physically and financially was a wreck. At the time of the reorganization the annual gross earnings were in the neighborhood of \$4,000,000. The gross earnings have grown steadily from that time, until for the last fiscal year they reached nearly \$11,000,000, and the net earnings were the largest in the history of the road.

The report shows the gross earnings and expenses of the company for the fiscal year ending June 30th last and for the preceding year to be as follows:

	1897.	1896.
Gross earnings.....	\$10,707,192 81	\$10,231,131 42
Operating expenses, maintenance and taxes.....	7,286,039 18	5,963,132 69
Net.....	\$3,421,153 63	\$3,157,978 73
Fixed charges, etc., less net income from other sources.....	3,118,817 88	3,110,637 68
Surplus over all charges.....	\$223,335 75	\$147,341 05

The President in his report to the directors says:

The company has also operated (under trackage contracts) a line from Lexington to Louisville, but its earnings and expenses have been kept separately. The cost of getting that line fairly opened has been \$129,195.64, due two causes—first, large repairs to track on account of serious damage by freshets and improvements in condition; second, to the large expense that always attends the opening of a new line before any considerable traffic can be developed. Judged by the traffic of the last four months, the line will in the future be profitable of itself in addition to the traffic it brings the main line. The outlay to date has been charged to profit and loss at the close of this fiscal year.

The freight earnings of the company were the largest in its history, but the passenger earnings show a decrease from last year; this loss is almost entirely in local traffic, and due to the depressed business conditions that have prevailed.

The earnings per passage per mile increased slightly, but owing to an increase of train mileage and a decrease in local business, the earnings per train mile decreased 4.6 cents.

The tons of freight carried have decreased, while the tons carried one mile have increased. The rate per ton per mile is very low, averaging on the entire business of the company 4.10 mills, as against 4.26 mills last year.

The operations of the company show a satisfactory increase in the number of tons of freight hauled per train mile, the average going up from 325 tons to 352 tons; and this has enabled the company, notwithstanding its very low rates of freight, to earn \$1.47 6-10 per mile run by its freight trains, as against \$1.38 3-10 last year.

The company has continued its policy of improving and enlarging the property, and all such work during the year has been charged to operating expenses. There have been no charges to construction account for any purpose whatever during the year.

The company has purchased and charged to expenses during the year, to replace the number of old ones worn out and destroyed, 10 locomotives, 232 freight cars, 2 passenger coaches and 1 steam tug, at a total cost of \$243,485.97.

Included in the operating expenses is also the cost of 10.8 miles of double track, \$125,261.13; 16.1 miles siding, \$54,503.26; new buildings at different points on the line, \$35,550.59.

The company has continued its policy of taking up light rails and renewing the same with sections of 100-pound on the mountains and 75-pound elsewhere. It was fortunate, early in the spring, to secure a favorable contract for a large amount of steel rails at \$16 per ton, and in addition to what has been laid during the fiscal year just ended the company has enough coming to it under this contract to supply its wants during the coming fiscal year.

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all female complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have loss of appetite, constipation, headache, fainting spells, or are nervous, sleepless, excitable, melancholy or troubled with dizzy spells, electric bitters is the medicine you need. Health and strength are guaranteed by its use. Fifty cents and \$1.00 at J. James Wood's drug store.

FIRE INSURANCE.—J. C. Everett

MICHAEL MACK, aged fifty-five, and Miss Nancy Bohan, aged about forty-five, both of Lewis County, were granted license Saturday and will be married Thursday at Mill Creek.

Mrs. ADA BURNETT died Saturday morning at her home near Moransburg, after a short illness, of cholera morbus. She was the wife of Mr. David Burnett, and mother of Edward Burnett, who died a week or two ago. Burial to-day in Charleston Bottom Cemetery.

Nowadays when women are trying to do everything it is not strange that many things are overdone. It is not strange that there are all kinds of physical and mental disturbances. If the woman who is a doctor, or a lawyer, or a journalist, or in business would not try to be a society woman too it might be different, but the woman who knows she has done a day's work has yet to be born. Usually a woman's way is to keep doing until she drops. Working in this way has manifold evils. The most common trouble resulting from over-exertion, either mentally or physically, is constipation of the bowels, with all its attendant horrors.

Dr. Pierce's Pleasant Pellets are the most effectual remedy in the market. They work upon the system easily, naturally. There is no unpleasant nausea after taking them. No griping—no pain—no discomfort. They are composed of materials that go through the system gradually, collect all impurities and, like the good little servants that they are, disposing of them effectually.

ALL roads entering Georgetown, Ky., are now free except the Cincinnati pike.

Banner Crop of Tobacco.

In taking the drive-ways of the Helena section of our county, we were pleased to note, when considering the usual shortage, quite a number of more than fairly good tobacco crops,—some cutting under way—but by far the handsomest showing, and as we have learned Mason County's acknowledged banner crop (many say of the State) is a twenty acre field grown on the beautiful "Maplewood" farm of Mrs. A. Finch. A field of large and luxuriant growth unmarred by any uneven appearance. Cutting is now in progress.

At Carlisle Saturday Lulu Willis and Russell Snapp were arrested charged with the murder of the negro, George Wilson, who was found hanging to the limb of a tree near town a few weeks ago. The negro had been a lover of Lulu Willis and the officials got an idea that she had something to do with his taking off. In jail Saturday night, the woman confessed to having killed Wilson with the aid of other persons and said they hanged the body to the tree to lead to the belief that he was lynched.

Monday and all the Week,

FOR CASH ONLY,

Lightning Hot Drops—What a Funny Name!
 Very True, but it Kills All Pain—Sold Everywhere, Every Day—Without Relief, There is No Pay!

Terrible Disasters in the Orient.

TACOMA, Wash., Aug. 30.—The Japan steamer just in brings news of severe earthquakes in Japan on Aug. 5, followed by a tidal wave and great floods. A thousand houses were inundated and 200 persons killed and injured. Sixty-five Chinese villages were inundated.

Mountain Climbers Killed.

BERNE, Aug. 30.—Two guides were killed and an Austrian tourist was seriously injured recently while attempting the ascent of the Jungfrau by being thrown over a precipice by the collapse of a snow cornice.

Fish In Aquariums Lost by Overcare.

Fish kept in small aquariums at home are often lost through overcare. The possessor of a small tank that needs cleaning is very apt to take the fish out and place them, say, in a dish of water while he gives the tank a good, thorough cleaning. This is the worst thing possible for the fish, which are very susceptible to shock and likely to receive actual injury in handling. Disturbance of the fish should, as far as possible, be avoided, but it is far better to clean the tank with the fish in it than to remove them.—New York Sun.

Noel Whitehead, assistant cashier of the First National bank at Vienna, Ill., shot and dangerously wounded John J. Manahan, a cabinman, in the Suraton hotel at Chicago. Whitehead claims that the cabinman had robbed him. He was arrested.

The Bee Hive

PERCY BROSEE.

Death Claims a Bright Young Man—A Victim of Diphtheria.

Mr. Percy Brosee, whose serious illness was mentioned some days ago, died Sunday afternoon at 3:30 o'clock at the residence of his parents, 40 East Sixth street.

Deceased was stricken with that dread disease, diphtheria, two weeks ago Sunday, and his condition had been critical for days. The anti-toxine treatment was administered as a last resort. The patient rallied under this treatment and it was thought he would recover, but after improving a few days there was a relapse, and he finally succumbed to the disease.

This case is the only one of the disease so far reported in the city, and it is a mystery how and where the young man contracted it. His health had been rather feeble for some time, and previous to taking down with the attack he had not been out of his home for several weeks.

Deceased was a son of City Clerk Brosee and was twenty years old last July.

The funeral occurs Tuesday at 10 a. m. at the residence. Interment in the Maysville Cemetery. The Jr. O. U. A. M., of which order deceased was a member, will have charge of the services.

The Standard Asphalt Company, of which Mr. John H. Hall is one of the leading members, is ready to make the city a proposition to pave a square or two of any of Maysville's streets with a superior quality of genuine rock asphalt, and they will do the work this fall. They are satisfied they have one of the best paving materials in existence, and that it will prove cheaper than macadam in the end. It can be put on the present streets without disturbing the macadam. The company owns 3,200 acres of rock asphalt in Logan and adjoining counties in Southern Kentucky, and Mr. Hall has invented a process for extracting the asphalt that will enable them to work it at great advantage.

C. C. and J. C. Arthur qualified Saturday as administrators of Wm. H. Arthur, with C. B. Pearce, Jr., as surety. Appraisers, Seymour Myall, Thos. P. Hopper and Henry Thompson.

You will find P. J. Murphy's stock of gold watches and diamonds larger than elsewhere. His prices are always lower; quality is unsurpassed. With these three advantages, you do yourself an injustice if you fail to see his stock before buying.

HOME-GROWN berries, Calhoun's.

The advance guard of the Salvation Army is with us.

Miss CHRISTINE MILAM was somewhat improved this morning.

For a full line of pure drugs call at Ray's Postoffice Drug Store.

FIRE INSURANCE.—Pickett & Respass, successors to Duley & Baldwin.

MR. SAMUEL CHUNN is able to be out after being confined to the house for a few days.

MR. W. R. ARCHDEACON has removed from Court street to the corner of Third and Plum.

THE Mason County teachers institute convened this morning and will be in session most of the week.

THE L. and N. took a colored excursion Sunday to Paris. It returned about 2 o'clock this morning.

ALL stock and articles that have taken premiums at previous fairs will be eligible to any ring at the Germantown fair this year.

THE Germantown bus will leave Maysville each morning at 7 o'clock during the fair at that place, beginning next Wednesday.

MISS ANNA FRAZAR, of Court street, has a complete line of school books and school supplies. Your patronage respectfully solicited.

THE Misses Young will reopen their school for young ladies and children at their residence on Limestone street the first Monday in September.

THE Electric Park closed Saturday night for the season. Manager Fremont's untiring energy and good judgment met with the success it deserved.

TAYLOR Brothers at Washington are selling twenty pounds Havemeyer's granulated sugar for \$1 and ten pounds Arbuckle's coffee for \$1, cash.

THE Shelbyville fair closed last week in a blaze of glory. The attendance each day broke the record, and it is said the association cleared over \$2,000.

MISS ELVA LANGSTON, who was married here Saturday to Ed. Woods, is a daughter of Robert Langston, of Paris. Her parents were much opposed to the match.

THE re-union of the survivors of Sixteenth Kentucky Infantry and the Tenth Kentucky Cavalry regiments will take place in Maysville Wednesday, October 27th.

B. R. FORMAN, the distinguished attorney at New Orleans, well-known in this community, has a three column article in a recent issue of the Times-Democrat in view of the new Constitution proposed for Louisiana regarding a property qualification and other qualifications necessary for suffrage.

Another Destructive Hail Storm.

Another destructive hail storm yesterday afternoon in the Mayslick neighborhood is said to have about finished up the tobacco. It extended nearly to Washington, doing much damage to tobacco the entire extent.

Considerable hail also fell in the vicinity of Springdale, but it was so light that but little damage was done.

THE reports of the damage by the hail storm near Mayslick a week ago Sunday, heretofore mentioned in the BULLETIN, were not exaggerated. A gentleman in town Saturday estimated the total loss at fully \$20,000. Mr. James Slattery had seventeen acres of tobacco completely destroyed. Several others in the neighborhood also lost heavily, Mr. John Shanklin's damage being fully \$2,000. The hail was so heavy that some shoats on one farm were killed.

In a
Few Days
the Boys Will
Again
Be Off to School.

They'll need Clothing, Underwear, &c., and we want to supply them.

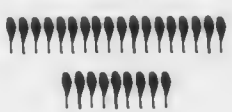

We are in condition to do you good, not only in price, but quality and style will count much.

We need not tell you that we sell satisfactory merchandise; everybody within a hundred miles of here knows this, but we do want to say to you that for this season's trade we are better fixed than ever. This means a great deal.

There is nothing new out but what you will find in our house. Good dressers know our house is headquarters for the proper thing.

Prosperity is coming.

We want every man, boy and child to dress well, hence we want all to come to us for their Fall outfit.

Due notice will be given in our city papers when our Shoes will arrive. If possible, wait for them. Like our Clothing, it will be a great line of Shoes.

**HECHINGER
& CO.**

We have just received
an invoice of fifty pieces

We are now offering thirty-six-inch All Wool Serges at 25 and 30 cents; forty-five-inch All Wool Serge at 40 cents; All Wool Fancies, forty-five inches wide, at 50, 60, 75, 85 and \$1.00.

BROWNING & CO

Ladies'

Vici Kid Goodyear Welt, button and polish, new style lasts, \$2.50, worth \$3.00.

F. B. RANSON & CO.

ELECTRIC PARK.

After a Successful Season of Ten Weeks the Summer Theater Closed Saturday Night.

The summer vaudeville theatre at Electric Park closed last Saturday night for the season. Ten weeks has it run, and with a few night's exceptions large have been the crowds, excellent the performances and most pleasing in character in every way.

It is a pleasure to bear witness to the good behavior and admirable deportment of the men and women who have come among us during these ten weeks, so many there are who profane the profession and condemn all who are associated with the stage because a few indiscreet or, better said, those who love the almighty dollar well enough to pose as quite improper, thus by conspicuous advertising they become famous and thereby rich. There are very strong characters on the stage, men and women who are generous to a fault, virtuous as strength itself and with that degree of integrity which makes them pure, lovable and noble.

For six weeks of vaudeville in our city, Mr. and Mrs. Lew Seeker, of Cincinnati, have been among the performers. Our citizens know of their capabilities along the special lines in which they appeared during their stay. This side we pass and turn to the private or daily living view and we show them to be thoroughly charming in their conduct as they passed to and fro, and the warm friends they left behind attest in no small degree to their possessing those endearing traits which go to make character and qualifications which stamp them as truly worth what they have taken away. Should they return at any time to our city a warm welcome awaits them.

Ohio State Fair, Columbus.

For the above occasion the C. and O. will sell excursion tickets, Maysville, Ky., to Columbus and return, at rate of \$5.15 via the Big Four. Tickets on sale August 30 to September 3rd. Final limit September 4th.

There is no Word so Full of Meaning

...and about which such tender recollections cluster as that of "Mother," yet there are months when the life of the Expectant Mother is filled with pain, dread and suffering, and she looks forward to the final hour with fear and trembling.

"Mother's Friend"

prepares the system for the change taking place, assists Nature to make child-birth easy and leaves her in a condition more favorable to speedy recovery. It greatly diminishes the danger to life of both mother and child.

"My wife suffered more in ten minutes with either of her other two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to anyone expecting to become a mother, says a customer." HENDERSON DALE, Carmi, Ill.

Sent by mail, on receipt of price, \$1.00 PER BOTTLE. Book "To Expectant Mothers" mailed free.

The fullblood element of the Cherokee nation threaten trouble over the overthrow of their tribal government and the allotment of their land by the Dawes commission.

A 6-year-old daughter of David O. Enrider, living near Bluffton, Ind., while riding on a tongue of a traction engine, lost her balance and was fatally crushed under the wheels.

Matthias Bank of Somerville, O., has become a raving maniac brooding over the thought that he would die of hydrophobia, because he had been bitten a short time ago by a rabid dog.

Arthur G. Barley, 55, one of Chicago's oldest business men, died of old age. He had been a resident of Chicago for over 50 years. He was the head of the crockery and china firms of Burley & Company.

A 12-year-old son of Mr. and Mrs. George Bungan, residing near Chillicothe, O., has supported life for more than three years on nothing but sweetened milk. All other food refuses to stay on his stomach.

Fred Bunnell, 30, of Indianapolis, drank a small bottle of chloroform and then shot himself through the breast. He died almost instantly. He had been out of employment several months and grew despondent.

At Marysville, O., Johnnie Parmer, aged 9 years, accidentally shot Charlie Lansdowne, aged 7 years, with a revolver, the ball entering the right shoulder. It was another case of "didn't know it was loaded."

Homer Smith of North Lewisburg, O., a veteran of the late war, has invented a compound for utilizing coal culm, which promises him wealth. Millions of tons of culm are mined yearly, which is practically worthless.

A hurrlenne struck the dancing pavilion at Laurelwood park in Chicago in which several hundred people had sought shelter. The structure was demolished killing Mrs. Kate Brown and injuring a number of others.

Clay Hovey and Bruce Hall, both citizens of Spencer, W. Va., went squirrel hunting near that town. While watching a squirrel Hall's gun was accidentally discharged, the entire load striking Hovey in the bowels, killing him instantly.

Matilda Mullins, the daughter of a prominent and wealthy merchant of Knott county, Ky., and widely known for her beauty and accomplishments, has mysteriously disappeared. No possible reason can be conjectured for her disappearance.

Francis Schlatter, who calls himself "Healer," and who has been the wonder of Denver, of Nashville, of Memphis, and of Canton, O., besides some other cities where he has given demonstrations, has come to Chicago for a two months' stay.

Crops That Have Failed.

ELWOOD, Ind., Aug. 30.—The potato crop in Madison county and throughout central Indiana is a failure, caused by drouth, and potatoes are even now being shipped in to supply the demands. Tomatoes are also scarce, and worms have played havoc with the cabbage.

Senator Morgan Going to Hawaii.

NASHVILLE, Tenn., Aug. 30.—Senator John T. Morgan of Alabama is here for a few days. He declines to be interviewed, but has said that he is en route to Hawaii, and that his visit to the islands is purely for private business and has no political significance.

Chicago Man Dies While on a Visit.

HARWICH, Mass., Aug. 30.—P. L. Underwood, a prominent and wealthy resident of Chicago, who was summing here as the guest of William Underwood, died suddenly of heart failure Saturday morning. The remains will be taken to Chicago.

Chinese Smuggled In.

WASHINGTON, Aug. 30.—The treasury department is conducting an investigation of charges that Chinese are being smuggled into the United States at Port Townsend, Wash.

Struck by a Passenger Train.

BUFFALO, Aug. 30.—An Erie passenger train moving 65 miles an hour struck a wagon containing five people at a crossing near Cheektowaga last night. Melville H. Valentine, aged 38, was instantly killed and M. O. Weider, Mrs. Weider, Eddie Weider, aged 4 years and George Cole, aged 37 years, were severely injured. Mrs. Weider and George Cole may die. The party were returning from a day's outing in the country and started to cross the tracks just after a freight train had passed. They did not hear nor see the passenger train coming in an opposite direction.

Murdered in Church.

NEW YORK, Aug. 30.—George Stulz, aged 65, assistant janitor of Holy Trinity Catholic church, Brooklyn, was found dead in the vestibule of the church last night. He was lying in a pool of blood; his head was crushed in, his watch was missing and it is supposed he was murdered.

A passenger train on the Pittsburgh, Fort Wayne and Chicago railroad, struck a spring wagon at Lima, O., instantly killing Mrs. William Miller, aged 52, of Lima, and her nephew, Ollie, the 15-year-old son of J. E. Brecheisen, a grocer at Fort Wayne.

While in a demented condition, Mrs. William Z. Hutchinson of Flint, Mich., chloroformed her 5-year-old daughter and shot Iva May, her 15-year-old daughter. The younger died four hours later. The older girl, who was shot in the mouth, the breast and the hip, will probably recover.

William Cratly died near Marysville, O., of old age. Before the civil war he was a notable conductor of the "underground railroad" for the assistance of runaway slaves. It is said he helped over 3,000 slaves to escape to Canada, and at one time a reward of \$3,000 was offered to any person who would deliver him dead or alive south of Mason and Dixon's line.

CINCINNATI TOBACCO MARKET.

Weekly Review Shows That Sales Were Comparatively Light—The Bidding Was Strong—The Outlook.

	1897.	1896.
Offerings for the week	1,923	2,139
Rejections	428	764
Actual sales	1,495	1,375
Receipts	2,681	1,979
Offerings year to date	71,396	68,462
Rejections	16,818	20,516
Actual sales	54,578	47,946
Receipts	88,223	48,294

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The sales this week were comparatively light and the bidding as quick as at any time this year, with little, if any, change in prices. While some of the manufacturers were not as liberal buyers as they have been, the speculative element took their place at once, and as good results as ever were reached. Under these conditions a break in prices can hardly occur, and the future of the trade looks at least as encouraging as the present.

Fancy tobaccos received very much more attention than heretofore, and quite a number of hogsheds passed the \$20 mark, one hogshed at the Globe bringing \$30, the highest price realized in any market in years.

There is also more demand for color, and we think there is an advance in the price of bright lugs and trash. Stocks in market have slightly increased, but receipts are falling off somewhat, and with fair sales there will not be much more increase.

Good rains in nearly all the tobacco growing districts have helped the crop considerably, and what has been planted will probably make a good yield, so that from the present outlook the crop will not be any further curtailed that it already is through the lessened acreage.

EXECUTOR'S SALE!

The executor of Thomas Wells, deceased, on

Saturday, Sept. 4th,

at 2 o'clock p. m., will offer for sale at Helena Station, Mason County, Ky., on the L. and N. railway, the entire real estate of said decedent, consisting of about

250 ACRES

of the finest Mill Creek land, handsome Brick Dwelling, Stable, Dairy and large Tobacco Barn; fine spring, etc.

TWO TENANT HOUSES

and forty acres good woodland. Located on a turnpike and railroad and at depot, church and school. Will be sold as an entirety or in tracts. No. 1, 8 1/2 acres, with dwelling. Tract No. 2, 110 acres, with barn six 60. Tract No. 3, 2 1/2 acres, with tenant house. Tract No. 4, 30 acres, with tenant house and a never failing spring.

Terms.—One third cash, one-third in one year and one-third in two years. Bonds, security and lien retained. Interest from day of sale. Possession March 1, '98. GARRETT'S WALL, Executor.

ASSIGNEE'S SALE

—OF—
LAND!

As assignee of John W. Osborne, I will, on

Saturday, September 18th,

at 2 o'clock p. m., at the residence of John W. Osborne, on the Dover and Minerva turnpike road, in Mason County, sell to the highest and best bidder, on a credit of six, twelve and eighteen months, the following described real estate:

1. The home farm of John W. Osborne, containing 130 acres, situated on the Dover and Minerva turnpike road, about two miles from Dover. The farm contains a handsome residence and other available improvements and is one of the best farms in Mason County.

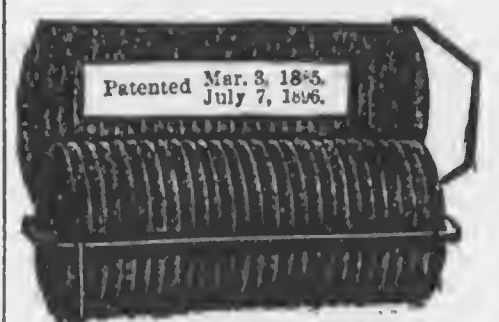

2. About thirty acres of land on Lee's Creek, about one and a half miles from the home farm. This tract has a tenant house on it, is good land and just the place for one desiring a small farm.

3. The John W. Osborne Tobacco warehouse in Dover, Mason County.

Possession of the first two tracts for purposes of seeding will be given immediately and full possession March 1, 1898. Possession of the warehouse will be given March 1, 1898.

Purchasers must give bond with good security for the purchase money, bearing interest at 6 per cent, per annum from day of sale, and a lien will be retained as additional security. Prospective purchasers are invited to inspect the property. For further information address me at Tuckerhoe, Mason County, Ky., or Thos. R. Plister, Maysville, Ky. J. J. PERKINS, Assignee of John W. Osborne.
